Wow, what a mixed bag of weather we had again this summer. It went from nice, to rain, to hot and hotter and then even more rain. I think this is the first summer where my grass didn't turn brown by the end of July.

With all that hot weather, I'm sure your furnace needs a good servicing and this is the best time to have it done. So this is a friendly reminder to give us a call and arrange to have your fall service appointment set up. 📅

We can also service your gas fireplace, heat pump, HRV, and humidifier.

If you like our service, it would also be nice to get a review on [Google](#).
